Here Comes the Sun: The Spiritual and Musical Journey of George Harrison Joshua M. Greene

A fascinating read.

–*Associated Press*

Joshua Greene, who studied meditation with the legendary Beatle George Harrison, draws on personal remembrances, recorded conversations, and firsthand accounts to create a moving portrait of Harrison's spiritual life, his profound contribution to the Beatles' music, and previously unpublished anecdotes about his time with music legends Bob Dylan, Elvis Presley, and others.

""Many well-known artists have touched people's hearts with their music, but few have ever succeeded in touching people's souls. That was George's gift, and his story is described here with affection and taste. A wonderful book.""
