Weird Hauntings: True Tales of Ghostly Places

From Mark Moran and Mark Scurman, the authors of the bestselling *Weird U.S.* series, comes something a little different, designed to send shivers down the spine: a book on America's scariest haunted places. Some of these spirit-filled spots are well known and open to the public, while others are private residences that will have to remain intriguing from a distance: No visits allowed! The stories include firsthand tales that have a powerful "creepiness factor" and believability. The various sites include haunted houses, ghostly graveyards, cursed roads, eerie eateries, spirited saloons, and more. But be warned: This collection of true tales set in actual locations is so chilling that you may not want to read this alone at night!
