## Jane's Radar and Electronic Warfare Systems 1995-96

This is the seventh edition of an annual technical directory for all land-based, naval and airborne radar and electronic warfare equipment. Individual technical descriptions give details on development, specifications, performance, operational status, deployment and main and sub-contractors. The book also provides an analysis, summary and brief description of radar technology. Systems in development, production and service are described, illustrated and indexed alphabetically, by contractor and by manufacturer. The information in this book is also available on CD-ROM and EIS.
