The past 250 years have seen more change and upheaval than at any other point in history, and almost everyone alive now will have ancestors whose lives were touched by war, migration, mass upheavals and major turning points in society. Although we may not know their names, the stories of these ancestors have an impact on our lives now and will in the future. We are all connected. By remembering those who have gone before us, we can step into our true power and realize our highest potential.
