Storyboarding: Turning Script into Motion Stephanie Torta, Vladimir Minuty

This revised text is designed to demonstrate the process of converting static images to an effective animation of characters and effects. Unlike many of its competitors, *Storyboarding* uses the accompanying DVD to show the storyboards in conjunction with a final short film and script. Material on game scripting, Motion Graphics, and Web comics has been added. The text and tutorial disc take an in-depth view on the step-by-step process for developing characters, scenes, and camera angles through the full production of a finished project. The book includes numerous techniques for analyzing scripts, provides a comprehensive look at the various types of storyboards, and covers methods used in both film-making and video game storyboards.

Features:

- Includes new material on *Game Scripting*, *Motion Graphics*, and *Web Comics*
- Uses the accompanying DVD to show step-by-step video tutorials for developing characters, scenes, etc. through the finished project of the storyboard.
