Teaching Online William A. Draves

The internet is the biggest technological change in education and learning since the advent of the printed book some 500 years ago. It is destroying the traditional classroom and replacing it with an even better way to learn, and to teach. Almost every teacher, from professional trainers to college professors, are learning a different way of teaching. After reading Teaching Online, you will have the latest and most advanced information about developing and teaching an online course. You will know how the internet is changing how we learn, how to plan your own online course, how to develop content, interaction and assessment, how to teach online and much more.
