He only has 6 months to live IF he did not quit smoking and drinking, lose weight and eliminate caffeine. But who knew that his doctor's orders would lead him to a life he never knew existed. His physical state only put a gap between him and his wife, Marlene. And so he enlisted the help of his neighbor Michelle, a fitness trainer. She suggested a reward system so that he would continue the exercise program she designed for him. The reward? A blowjob and a roll in the sack once he achieved his goal. He should have turned down her offer, considering that she was married to Bob. But Michelle admitted that she found out Bob was having an affair with Marlene! And she was waiting for the right time for revenge. He was devastated. He loved the silly bitch, but would he stay married to a cheating wife? Will he take Michelle's offer and go along with her to exact his own revenge?
