Protests as Events: Politics, Activism and Leisure

Protests as Events: Politics, Activism and Leisure

Can activism be considered a leisure activity? Can the Occupy movement, local campaigns for change and lone acts of personal resistance be understood as events?

Within the field of Events Management the content of events is generally analyzed within three categories—culture, sport or business. Such a typology can be helpful as a heuristic for interpretation and analysis within a commercial paradigm. However, this framework overlooks and depoliticizes a significant variety of events, those more accurately construed as protest.

Protests as Events is the first book to explore activism as a leisure activity and protests as events; using a fresh interpretation of *event* to develop a new critical politics of events and leisure. Bringing together a range of cutting edge research from around the world, it explores a variety of protests through the lens of events studies and leisure in order to understand how the study of events management might be conceptualized in the protest space.
