## **Foundations of Business Cycle Research, Volume I** Ludwig VAN DEN HAUWE

The recent revival of academic interest in capital-based macroeconomics constitutes one of the most significant developments within the field of economics in recent times. In the first part of this 2-volume work, the author critically examines various conceptualizations of macroeconomic cyclicity from the perspective of capital-based macroeconomics. This work is situated at the crossroads of monetary theory, macroeconomics, and the new institutional economics.
