Knights (Single Subject References) Philip Steele

From the battlefields of Flanders, to the banquet halls of the great English manor houses, this gloriously appointed book offers page after page of splendid illustration and information. Everything a young person could want to know about knights is included: shields, scutcheons, jousts, castles, sieges, chivalry and fearless steeds, all depicted in a colorful abundance of detailed battlescapes, scenarios and maps. Topics include the knight's place in feudal society, how he trained for war, his code of honor, heraldry and armor, and famous battles; knights' popular companions including the various types of horses -- chargers, palfreys, hackneys -- and other animals such as mastiffs and carrier pigeons that accompanied them on campaigns; knights in other cultures -- Sioux braves and Polish lancers in the West to Japanese samurai in the East -- and the knight of medieval romances and today's blockbuster films. The knight in shining armor may have disappeared from the battlefield, but rides on in an ageless fascination shared by children and people of all ages. Includes an illustrated glossary and index.

From reader reviews:

James Oliver:

Book is usually written, printed, or highlighted for everything. You can learn everything you want by a publication. Book has a different type. As it is known to us that book is important matter to bring us around the world. Close to that you can your reading talent was fluently. A guide Knights (Single Subject References) will make you to possibly be smarter. You can feel considerably more confidence if you can know about anything. But some of you think that will open or reading any book make you bored. It is far from make you fun. Why they could be thought like that? Have you looking for best book or suited book with you?

John Beaulieu:

Do you one among people who can't read satisfying if the sentence chained inside the straightway, hold on guys this aren't like that. This Knights (Single Subject References) book is readable through you who hate those straight word style. You will find the details here are arrange for enjoyable examining experience without leaving even decrease the knowledge that want to supply to you. The writer regarding Knights (Single Subject References) content conveys the thought easily to understand by many individuals. The printed and e-book are not different in the information but it just different such as it. So , do you still thinking Knights (Single Subject References) is not loveable to be your top record reading book?

Christopher Hill:

Precisely why? Because this Knights (Single Subject References) is an unordinary book that the inside of the book waiting for you to snap this but latter it will zap you with the secret the item inside. Reading this book close to it was fantastic author who else write the book in such awesome way makes the content inside of easier to understand, entertaining method but still convey the meaning fully. So , it is good for you because of not hesitating having this any more or you going to regret it. This unique book will give you a lot of benefits than the other book include such as help improving your skill and your critical thinking means. So , still want to delay having that book? If I had been you I will go to the book store hurriedly.

Jessica Henriquez:

Publication is one of source of know-how. We can add our know-how from it. Not only for students and also native or citizen require book to know the revise information of year in order to year. As we know those textbooks have many advantages. Beside all of us add our knowledge, can also bring us to around the world. Through the book Knights (Single Subject References) we can have more advantage. Don't that you be creative people? For being creative person must love to read a book. Just simply choose the best book that suitable with your aim. Don't end up being doubt to change your life at this time book Knights (Single Subject References). You can more inviting than now.
