Ethics: A Contemporary Introduction (Routledge Contemporary Introductions to Philosophy)

Harry J Gensler

Ethics: A Contemporary Introduction (Routledge Contemporary Introductions to Philosophy) Harry J Gensler

Harry Gensler's *Ethics* introduces undergraduates to the main issues in contemporary moral philosophy. It also relates these issues to practical controversies, with special attention paid to racism, moral education, and abortion. It gives a practical method for thinking about moral issues, a method based largely on the golden rule.

Key Features:

- Serves as either the sole textbook for a lower-level introduction to ethics/moral philosophy course or a supplementary text for a more advanced undergraduate ethics course
- Provides clear, direct writing throughout, making each chapter easily accessible for an engaged undergraduate
- Offers a philosophically rigorous presentation of the golden rule
- Includes helpful study aids, including: bolded technical terms, boxes for key ideas, chapter summaries, suggested readings, and a glossary/index

Key additions to the Second Edition:

- A new chapter on virtue ethics, which deals with Aristotle, Plato, and related controversies
- A new chapter on natural law theory, which deals with Aquinas, double effect, sexual morality, and related controversies
- A significantly revised chapter on the golden rule, which is now much clearer on certain key points
- A significantly revised chapter on nonconsequentialism, which now has expanded coverage of human rights, libertarianism, and socialism, and uses the right to health care as a case example
- An expanded bibliography
- A new appendix that overviews key books students will want to pursue upon completing *Ethics: A Contemporary Introduction*, Second Edition
- A rewritten instructional program, EthiCola, which is now much easier to download and use and has (for students) revised exercises for each chapter and (for instructors) a score-processing program, class slides, and instructor's manual. This can be found on the book's companion website:
