The Evolution of Psychoanalysis

John Gedo

The Evolution of Psychoanalysis John Gedo

"An unusual treatise and a masterful book."

–Doris K. Silverman

One of the world's leading psychoanalytic scholars offers a state-of-the-art guide to the most significant developments of the past quarter of a century. Among the timely subjects covered are: the philosophic and conceptual foundations of psychoanalysis; advances in infant research; the neurobiological bases of the self; ego psychology, self psychology; the Kleinian tradition; and French psychoanalysis.

"A brilliant, outspoken, and uncompromising exegesis of psychoanalysis in its every dimension.... Clearly written, lively, irreverent, and idiosyncratic, this is both a major contribution to the field, and a pleasure to read."

–Edgar A. Levenson
