## **A Not So Ordinary Raft Trip** Jay Tracy

In the summer of 1971 four modern day Huck Finns embarked on a seven week raft trip down the Mississippi River, from the St. Paul MN area to New Orleans. This is their story, combining the log they kept at the time with contemporary reflections on the meaning of their adventures, the people they met, the kindnesses they were shown, the follies they committed and the many lessons they learned about life. Jay Tracy shows that telling a good story is just as important as being in a good story.
