Encyclopedia Of Hand-Weaving

S.A. ZIELINSKI

Encyclopedia Of Hand-Weaving S.A. ZIELINSKI

Because hand-weaving terminology is extremely confusing and is a mixture of terms from Great Britain, Europe and America, weavers will welcome this clear, concise and comprehensive book. It will be invaluable as a book of reference - not only for a definition of weaving terms but as a source of general information about weaving. One of the fascinating features of this book is the many pattern drafts, not only because of the draft but because the country of origin is given and cross reference readily tells when the same pattern appears in different countries under different names. The numerous illustrations show details of pattern and texture, looms and parts, adding greatly to the reader's interest and enjoyment.
