The Blackguard Ben Garrido

The first of Ben Garrido's three novels about broken identity, *The Blackguard* follows young engineer Marcus Hunyadi as he tries to separate Nevada's ancient and isolated town of Enclave from its immense natural resources, protect a child of tainted blood, and attain the power he craves. A fast, minimalist novel filled with cutting irony and dark humor, *The Blackguard* is a world both alien and uncomfortably familiar. Gripping, unsentimental and disturbing, Garrido's story will ask how much you really care about your roots.
