Now you can learn the art of reading tea leaves or coffee grounds with this beautifully designed facsimile of an Edwardian fortune telling cup and saucer. Reading tea leaves is a ancient practice, and now **The Cup of Destiny** reveals the secrets of this ancient method, allowing you to make predictions for yourself and your friends.

Each kit comes with an actual cup and saucer and 96 page illustrated book explaining how to interpret the patterns you will find in your cup as well as explaining the meanings of over 200 signs and symbols you are likely to see in the leaves when making a reading. The explanations accompanying these signs and symbols allows you to relate them to real events and future possibilities, providing clear insights which can be startlingly accurate: a heart near the rim of the cup means that love is not far away; a horse indicates the need for strength and patience; a cake may signify a celebration or a party.

So, have a cup of tea and see what the tea leaves have to say about your future!

This revised edition comes with a placement mat featuring a quick-reference reading guide.
