Camcorder (Teach Yourself) Chris George

Specialist magazines abound for the camcorder user, but this guide aims to provide the reader with a more compact form of up-to-date information on how to produce watchable videos. There is a description of the various types of camcorder on the market and the different features that appear on them. The remainder of the book covers the techniques used in making a video, from basic shot composition, through putting sequences together, to basic editing methods.
