Introducción a la lingüística hispánica actual is the ideal introduction to Spanish linguistics for all undergraduate and postgraduate students of Spanish.

No prior knowledge of linguistics is assumed as the book takes you step-by-step through all the main subfields of linguistics, both theoretical and applied. Phonology, morphology, syntax, semantics, pragmatics, second language acquisition, history of the Spanish language, dialectology and sociolinguistics are concisely and accurately outlined providing a comprehensive foundation in the field.

A comprehensive companion website provides a wealth of additional resources including further exercises to reinforce the material covered in the book, extra examples to clarify the most difficult concepts, extensive audio clips which reproduce the sounds of phonemes and allophones and sonograms.

Written in a clear and accessible manner with extensive auxiliary materials, *Introducción a la lingüística hispánica actual* has been specially designed for students of Spanish with little or no linguistic background who need to understand the key concepts and constructs of Spanish linguistics.
