Web Development and Design Foundations with HTML5, Global Edition

Terry Felke-Morris

Web Development and Design Foundations with HTML5, Global Edition Terry Felke-Morris
Web Development and Design Foundations with HTML5 is intended for use in a beginning web development course. It is also suitable for all readers interested in developing web sites.

Using Hands-On Practice exercises and Web Site Case Studies to motivate readers, *Web Development and Design Foundations with HTML5* includes all the necessary lessons to guide students in developing highly effective Web sites. A well-rounded balance of hard skills (HTML5, CSS, JavaScript) and soft skills (Web Design, e-commerce, Web site promotion strategies) presents everything beginning Web developers need to know to build and promote successful Web sites.

Teaching and Learning Experience
This program will provide a better teaching and learning experience–for you and your students. It will help:

- **Build a Strong Foundation of Web Development Skills:** A well-rounded foundation of hard and soft skills will help students design web pages for today and tomorrow.
- **Motivate Students with Hands-on Practice:** This text emphasizes hands-on practice through practice exercises within the chapters, end-of-chapter exercises, and the development of websites through ongoing real-world case studies.
- **Reinforce Concepts with In-text Features:** Throughout the book, emphasis is placed on web design, accessibility, and ethics. The appendixes in the *Web Developer's Handbook* offer comprehensive, easy-to-use reference materials
- **Enhance Learning with Instructor and Student Supplements:** Resources are available to expand on the topics presented in the text.

From reader reviews:

Neil Williams:

What do you about book? It is not important with you? Or just adding material when you need something to explain what your own problem? How about your extra time? Or are you busy man? If you don't have spare time to try and do others business, it is give you a sense of feeling bored faster. And you have extra time? What did you do? Every person has many questions above. They should answer that question mainly because just their can do that will. It said that about reserve. Book is familiar in each person. Yes, it is right. Because start from on kindergarten until university need this specific Web Development and Design Foundations with HTML5, Global Edition to read.

Brian Davis:

In this time globalization it is important to someone to receive information. The information will make you to definitely understand the condition of the world. The condition of the world makes the information better to share. You can find a lot of personal references to get information example: internet, newspaper, book, and soon. You can view that now, a lot of publisher this print many kinds of book. Often the book that recommended to you personally is Web Development and Design Foundations with HTML5, Global Edition this e-book consist a lot of the information in the condition of this world now. That book was represented how do the world has grown up. The language styles that writer value to explain it is easy to understand. The actual writer made some research when he makes this book. Here is why this book suited all of you.

Marlene Wiedman:

Do you like reading a book? Confuse to looking for your favorite book? Or your book ended up being rare? Why so many concern for the book? But any people feel that they enjoy for reading. Some people likes reading, not only science book and also novel and Web Development and Design Foundations with HTML5, Global Edition or others sources were given understanding for you. After you know how the fantastic a book, you feel wish to read more and more. Science book was created for teacher or even students especially. Those ebooks are helping them to increase their knowledge. In various other case, beside science e-book, any other book likes Web Development and Design Foundations with HTML5, Global Edition to make your spare time far more colorful. Many types of book like this one.

Terry Smith:

What is your hobby? Have you heard in which question when you got learners? We believe that that concern was given by teacher for their students. Many kinds of hobby, Every individual has different hobby. And also you know that little person just like reading or as looking at become their hobby. You have to know that reading is very important and book as to be the factor. Book is important thing to include you knowledge, except your teacher or lecturer. You discover good news or update about something by book. Different categories of books that can you choose to use be your object. One of them is niagra Web Development and
