Curse of Inheritance: How to Protect Your Family from Being Broke, Bitter and Blaming You Cindy Arledge

Many American families are unprepared for the greatest threat they have ever faced: the Curse of Inheritance. The Curse of Inheritance is an ugly monster of jealousy, fear and selfishness that crushes families, eats money and destroys lives. The Curse of Inheritance is born in an environment of loss and grief by unprepared heirs who feel entitled to unearned wealth, and tragically forget to see each other as human beings. When Cindy Arledge's mom and dad passed away within eight months of each other, she was helpless to save the broken relationships between siblings and their families created by her parents' estate plan. Years later, after becoming a grandmother affectionately known as "Elmo", Cindy realized it was time to transform her tragedy into a solution to protect her growing family's future and help other families do the same. In this book you will discover the real problem behind wealth transfers and the single most important change you can make to protect your family. Cindy shares the secret planning tool used by ultra-high-net families to protect their families, and provides the Legacy Family Planning basics you can immediately implement for your family's benefit.
